

Why does my company have to pay for access?

Last Modified on 06/08/2025 6:21 am EDT

Free access is only provided for individual academic, government, or other non-profit researchers

For pharmaceutical, biotechnology, and other for-profit companies, access is subscription-based. Enterprise subscription offers the privacy, security, and custom integration support necessary for our industry partners.

If you are able to log in with your company email domain, your company already has a subscription. To enquire about getting access for your company, please fill out our [contact form](#) and a member of our team will be in touch promptly.
