

# Exporting product specifications

Last Modified on 06/08/2025 7:51 am EDT

Export custom lists of product search results and product specifications in a .CSV file

Saving and exporting lists makes sharing your search results with colleagues, assembling reagent panels, or keeping electronic lab notebook records easier. [Check out this article to read more about creating custom saved lists.](#)

Directly export product specifications from the *product results* page. Click the **Export Selection** button in the banner to directly export product specifications for up to 60 chosen products using the checkboxes. Note: This banner may differ depending on your company's license.

Alternatively, you can also export a *saved list* of products and product specifications by clicking **Export Product List**.

Saved Lists / VEGF Antibodies

## VEGF Antibodies

6 products
